

I'm Gonna Wait - Copyright 2008 – Tapestry of Praise Music (ASCAP)

Written by Elisabeth Genco

Music by Marcia DiPietro; Arranged and Performed by Marissa DiPietro and Matt DiPietro

Why should I wait to give myself to someone I can't yet see
When all the world screams so loud -- opportunity!
To have someone, to have some fun, that makes you feel alive
Perfectly matched, no strings attached -- totally satisfied!

But when I look more closely I see sorrow, all around
Shattered dreams and broken hearts, lie scattered on the ground
If I don't wait, will that be my fate? A heart that's broken too?
Deep inside my heart I know, the right thing to do

Chorus

I'm gonna wait – anticipate – a love that's really true
I'm gonna wait – celebrate – that special day with you
That day we'll join together – to have and hold forever
I'm gonna wait – for you

Sub-Chorus

Will you be the one – my one and only one?
I will wait for you
With heart in hand, I'll take my stand –
I will wait for you

Repeat Chorus
